Report of School Board.

To the Inhabitants of the Town of Eaton :—

Again it becomes our duty to render an annual statement of our doings. Placing before you a fair representation of the condition of the schools generally, and, in connection herewith, it becomes our duty to mention, however, with feelings of regret, the sickness and decease of our much beloved brother and chairman, Charles M. Towle. To him was awarded the contract to build the new school house in No. 5, for (\$260) two hundred and sixty dollars, but sickness prevented his doing little more than place orders for material. Consequently after awaiting a reasonable time we asked that something be done, which resulted in the building of the house on said contract by Frank M. Hatch, for the sum above named, leaving a balance of forty dollars for seating the house, which was, however, seated with the "automatic seat," manufactured by the Union School Furniture Co. of Battle Creek, Mich., at an expense of (\$65.20) sixty-five dollars and twenty cents. The treasurer has paid an order in favor of the above company for (\$40) the balance of the unexpended three hundred dollars raised for the building of said house, leaving due, after deducting the sum of five dollars for old house sold to Frank M. Hatch, (\$20.20) twenty dollars and twenty cents, which sum we recommended be raised in addition to the three (\$300) hundred dollars raised last March to build a school house in No. 5, to finish paying for said seats.

The decease of Charles M. Towle, occurring as it did late in the season, and there appearing to be no important business to come before the board aside from annual settlement, no action was taken to fill the vacancy for the unexpired term, at an expense to the district, as said vacancy would again occur and have to be filled at the coming of the March election.

Care has been exercised in securing good instructors at a nearly uniform price for the services, and also to secure board at as nearly a uniform price as it was possible to do in the several districts, the maximum price being (\$1.75) one dollar and seventy-five cents per week, as shown by statistical table annexed, from which may also be seen that of the whole number of scholars registered for the year, which was 122; 100 was the average attendance, making a gain over the previous year of two per cent., or 18 per cent. absentees, against 20 per cent. absentees the previous year.

It having been the unanimous belief of your board that the scholars in No. 7, which consisted of only four scholars, all members of the family of John M. Giles, might be attached to the school in No. 4 with good results to scholars and a saving to the district, Mr. Giles was so notified, and no spring term was taught in No. 7. However, as the scholars were not sent to No. 4 and by request of him, a term of eleven weeks was taught in No. 7, but we recommended that it would not be for the advantage of those scholars to attend in No. 4, and a big saving in expense to the district, even should the district recompense Mr. Giles fairly for conveying his scholars to and from said house in No. 4, either by the day or week.

In conclusion we feel to say that we believe that the past year has shown, all things considered, fully as much advancement as in any previous year.

The foregoing is respectfully submitted with financial statement and statistical table.

JOHN S. LOUD, }
FRANK M. HATCH, } *School Board of*
 } *Eaton.*

FINANCIAL STATEMENT.

School money reported by selectmen for 1889,	\$639 44
